

Year 1 – Summer Term Learning Journey 2024

Theme:
Myself and Others

Concept:
Transformation

Topic:
Recycling

This Summer term we have a lot to look forward to! Continuing our overarching theme 'Myself and Others', we will be exploring this through the concept of 'Transformation'. Our topic for this term is 'Recycling'. Our book focuses for this half term will be 'Tidy' and 'Clean up!'. We will use these pieces of work to create our own story and complete a setting description. In Maths, we will be introducing the basics of telling the time, as well as money which obviously are essential life skills that we will use every day. In History, we will be looking at what life was like for our grandparents, so if you have any pictures of their grandparents when they were younger, please send them in on Dojo and we can take a look. This will be brilliant! We will do this in Summer 1.

In summer 2, we will learn Geography and why we need to Recycle. We will look at how the benefits of recycling can help the planet and the damage we are currently doing to our world. In Science, we will be looking at seasonal changes and how the temperature changes and what that means for us, as well as learning the different parts of plants and trees.

When he gazes at a poster about the North Pole, she finally realises that he is homesick and despite wanting him to stay, she resolves to help him get home, in a creative way!
