Images from this CCTV system are securely stored, where only a limited number of authorised persons may have access to them.				
Recorded data will only be retained long enough for any incident to come to light (e.g. for a theft to be noticed) and the incident to be investigated.				
The process for deleting data is effective and being adhered to.				
Except under the direction of an appropriate public authority (usually police), images will not be provided to third parties, unless the Headteacher has approved the disclosure of the data under the advice of the DPO.				
When information is disclosed, it is transmitted as securely as possible e.g. viewed on school premises, hand delivered/collected in person on a device, a fully tracked postal service etc.				
Staff are trained in security procedures and there are sanctions in place for any misuse of surveillance system information.				
Regular checks are carried out to ensure that the system is working properly and produces high quality and useful data.				
There is a system in place to ensure that any manufacturer recommended CCTV system and equipment updates, especially of security software are regularly sought, applied and checked as properly functioning.
